SUMMARY

Senior currently studying software engineering at Iowa State University. Currently working remotely part time at Eagle Technology Management as a web developer. Seeking an opportunity to improve my skills and knowledge as well as grow along with an organization.

EDUCATION

Iowa State University, Ames, IA   *Graduation Date - December 2019*
Bachelor of Science, Software Engineering.   *GPA: 3.3*

WORK EXPERIENCE

Eagle Technology Management, Cedar Rapids, IA   May 2018 - Present
Web Developer Intern

· Assisted in development of rewriting a desktop application for the web.
· Designed and developed customizable user dashboard.
· Modified existing intranet application to correct errors, upgrade interfaces, and improve performance.

SKILLS

Languages   JavaScript, C, Java, C#, PHP
Technologies   Git, HTML5, SQL, Node

PROJECTS

FGO Card Game   *GitHub - Maveys*
Online turn based multiplayer card game inspired from the characters of Fate Grand/Order
Ability to create or join a game session

Pet Social
Android application for users to create pet profiles containing their pet information and various photos
Users may signal lost or found pets at their location and inform others in the area
Built using Java with a PHP restful API as the back-end, and integrated Google Maps API

Visual Novel Engine
Web application that allows users to create visual novels by parsing a text file of their novel that follows a template

Visual Novel Engine
Guess Who anime style game built using Node.js and React
Users can create or join a lobby and talk through a text chat
